NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.

Also all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, this property will be immensely valuable The property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

CONCAVE CRYSTAL CONVEX LENSES

THE SIGHT OF THE AGED ASSISTED, THE WEAK STRENGTHENED AND THE PERFECT PRESERVED.

The Celebrated Concave Convex Crystal Spectacles, and Eye Glasses, Manufactured by the

PHILADELPHIA OPTICAL INSTITUTE,

HAVE now been a long time before the public, and the rapid and increased demand for them, combined with the universal acknowledgment of their clearness and vision and ease to the eye, shows plainly that they are superior to any other glasses in the market.

The advantages claimed for the Concave Convex Crystal this we are the following:

The lenses are ground of the best material true and hard, and made only for optical purposes, they are therefore not liable to get scratched or dim.

They confer a brilliancy and distinctness of vision not found in any other glass.

They can be used equally well by day or candle light without tiring or fatiguing the eyes.

They are ground mathematically true in the concave convex mirror, according to the philosophy of nature, and shape of cornea of the eye, therefore assisting nature only instead of forcing it.

That the lenses are centered correct into the frames.

They can be used longer than any other glass ever without changing to a higher power.

The frames are made strong and durable by experienced workmen and warranted to give satisfaction.

With a view to meet the increased demand for our celebrated Spectacles, we have appointed an agent for this neighborhood, as stated below, who has received all needful instructions, and will, in all difficult cases, have the assistance and consultation of a practical Optician from the institute here

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR
JAMES H. MOORE, Assistant and Local Editor.

MONDAY, OCTOBER 17, 1870.

A STATE CONVENTION.

Our excellent cotemporary, the *Fayetteville Eagle*, thinks a State Convention is needed to reform the abuses of the present Constitution, &c., but thinks we are too much divided to hope to call one, if we act hastily. Of course our friends in the General Assembly will load and take aim before they pull trigger; but our information leads us to believe, that the people were never more united on any question before, than they are on the call of a Convention to amend the present Constitution. Many Republicans are also with us in this matter.

The only ground of fear on the part of politicians is, whether we can carry it, if the Radical forces are massed against it.—Our impression is that the people will demand it.

Our cotemporary also entertains the opinion that a Convention must be necessarily *unrestricted*. This question was very ably discussed before the call of the Convention of 1835. Judge Gaston and many other leading minds, were clear, that a Convention could be *restricted*, and their judgment prevailed in the call of the Convention of 1835, so much so, that all attempts to effect other changes than those specified in the call of that Convention, were very strongly voted down in that body. It is certainly within the province of the General Assembly to submit to the people the call of a *restricted* Convention, specifying the restrictions in the law, and if the people should call *such* a Convention, there would be no power in that body, to override the instructions of the people. We are aware that able men take a different view, but in view of the precedents which have been set in this and other States, that question has been settled in favor of the right of the people to call a restricted Convention. Indeed, in a question purely of amendments to a Constitution, it is wise in the people, not to grant other than a *restricted* Convention. We are not aware that any one now proposes to hold an *open* Convention.

IMMIGRATION—THE STANDARD.

The *Standard* in reply to our article, charges that the Conservatives are carrying on a war against the interests of the State. In allusion to its previous article, the *Standard* says:

"We showed that they have persistently and maliciously done all they could to keep out immigration, in order that they might be able to continue to hold the reins of power, and gorge their already plethoric wallets at the public treasury."

We notice this article, in order that the people of North Carolina may see the Pilgrim's arrogance. He speaks for the carpet bagger, who has plundered and robbed our people, and slanders them. Down trodden and humiliated as our people are, he takes advantage of their subdued condition to insult and abuse them. Were it otherwise, he and his abettors would not dare do it.

This insipid hypocritical whiner, dares to say, "the Conservatives" (who are nine-tenths of the white people of the State) "have maliciously and persistently done all they could to keep out immigration, in order that they might be able to continue to hold the reins of power, and gorge their already plethoric wallets at the public treasury." Why did he not say their *carpet bags* instead of wallets? Pilgrim Ashley is a living monument of the toleration and forbearance of our people, towards carpet-baggers. He modestly estimates himself and every "immigrant" as worth "ten thousand dollars" to the State. If the State pays Pilgrim and his family to the tune of forty eight hundred dollars as we have heard, in the way of salary, for a year, it is easy to compute how long before they will be worth ten thousand dollars to the State. This is a sum for Auditor Adams and Treasurer Dave.

Pilgrim further says, each carpet bagger or immigrant it is reasonable to suppose, brings $75 with him. We doubt that. Who has seen the money? Prove it Pilgrim and then we may believe it. It will take many a Pilgrim from Buzzard's Bay, each bringing $75 with him to pay back to the State what Littlefield has stolen. It was suggested the other day by some one, that the *Standard* office, should be claimed as the property of the State, upon the supposition that it was built and furnished by State bonds, for which the State has received nothing. The *Standard*, under the management of Pilgrim Ashley, is as offensive to the great body of the white men of the State, as it was two years ago, to the white ladies of the State.

We are heartily tired of such "immigrants," and of such sentiments, and it is time to let them know, that North Carolina, must and shall be ruled by North Carolinians.

We take pleasure in chronicling the fact that our various Rail Road officials have established a tariff of rates, to apply during the State Fair, that as a general rule is about one-third the usual rates for going and returning.

This is as it should be; the great Agricultural and mechanical interests of the country must be promoted; their success will insure the prosperity of every other interest, and none more than that of the Rail Roads.

Edgecombe county has a total population of 29,970.

THE UNIVERSITY.

The article "Hopeful" in to-day's issue in regard to the University, will be read with interest. But "Hopeful" is too faithless and unbelieving. We are not in doubt, that the University will, in a few years, be rejuvinated and disenthralled, and will again shed its light over the nation; and we confidently look in a short period, for the erection of a "Memorial Hall," in honor of her noble alumni whose bodies lie in the battle fields of the South. The sad history of the University for the last two years, will soon work its own cure, and the people of the State will again rally to its rescue, when it will do a better work than it has ever done for the cause of education.

Our highly esteemed cotemporary, the Wilmington *Journal*, must not deem us in the least oblivious of that great interest, because we suggested that we thought discussions in reference to the reorganization of the University premature. We simply meant, that the University was so beleaguered by Constitutional and legal difficulties, which cannot be removed but by a Convention, that the efforts of its friends should be directed chiefly to their removal, before any specific plan for its internal management should be considered. The JOURNAL and the SENTINEL are fully agreed as to the absolute impossibility of sustaining the University, in its present *status*, and as to what shall be done for it, to give it full claim to the patronage of North Carolina and the South, which it formerly enjoyed. Its friends cannot disagree on the plans and specifications of its organization, whenever it is again placed under their control. To get it under our control, is the great object to be accomplished first, and then all that is needed will follow.—And we fully agree with our cotemporary, that one of the great reasons why a Convention is desirable, is to re organize the University and our school system, so as to make them available to the educational wants of our whole people, to the extent of our ability.

GOOD COMPANY.

"The SENTINEL alludes to that article not to answer the charges, but to say that Mr. Ashley has always kept the very best society in North Carolina. Most certainly that is the reason why he is never seen with the SENTINEL man."—*Standard*.

Beg your pardon Pilgrim, we never said you "kept the best society," but the society of those who occupied the *highest official positions* in North Carolina. Mark the difference Pilgrim, and correct your statement.

Our eyes are seldom cursed with the sight of Pilgrim Ashley. We can call to mind every time we ever saw him. He has kept company with those who plundered and robbed the State. When Littlefield was flying last winter in the night time to avoid the Investigating Committee, Pilgrim Ashley accompanied him and took lunch with him on the cars as he fled. Yes, Pilgrim, we saw you in the company of this robber. A man who consorts and associates with robbers is in great danger of being tempted to partake of their spoils.

THE EARLY SETTLEMENT OF NORTH CAROLINA.

In July, 1584, an expedition sent out by Sir Walter Raleigh for the purpose of making new discoveries, landed at Roanoke Island, and in the name of the Queen of England, took possession of the country.—In June, 1585, one hundred and seven colonists arrived at the Island, but soon became disheartened and returned to their homes. In 1587 another colony was planted, of which, in 1589, not a trace could be found. Thus ended the first attempt of the English to colonize America.

The first permanent settlement of this State was made on the banks of the Chowan, in 1653, by emigrants from Virginia which was settled at Jamestown in 1607.

In 1661 emigrants from Massachusetts settled on the west bank of Cape Fear river in the present county of Brunswick.

In 1663 a company of planters from Barbadoes found the place nearly deserted, purchased the land from the Indians, and in 1665 formed a permanent settlement.

In 1663 Charles the second granted to the Earl of Clarendon, and seven others, all that part of America lying 30 deg. and 36 deg. of north latitude, calling it Carolina. A second charter included all between 29 deg and 36 deg. 30 min.

In 1693, the colony was divided into North and South Carolina. North Carolina was ruled by governors appointed by the lords proprietors until 1729, when the latter sold their rights to the crown.

As early as 1672, a number of Quakers from Virginia sought, in the northern part of this State, freedom from religious oppression.

In 1707 a colony of French Huguenots formed a settlement upon the banks of Trent river, and in 1709 a hundred German families, driven by persecution from their homes on the Rhine, were established along the Neuse, Pamlico, and Roanoke.

In 1711, the Tuscaroras and Corees attacked and nearly destroyed these scattered settlements, and those of Albemarle Sound. With the aid of the settlers in the Southern colony, and of the friendly Indians in both the hostile savages were soon after completely subdued.

In 1748 and 1747, great numbers of Highlanders settled on the Cape Fear river, above Wilmington; the land a little further East being occupied by Scotch Irish from the North Ireland. About this time the middle part of the State began to be settled by emigrants from Pennsylvania and other colonies—chiefly Scotch Irish, Germans, Quakers, and Moravians.

North Carolina furnished both men and money in the war known as the "French and Indian War;" and took an early and active part in the War for Independence.

The Mecklenburg Declaration of Independence was proclaimed May 20th, 1775, thus giving to North Carolina the honor of first proposing a separation from Great Britain. In 1776 the Mississippi formed the western boundary of the State. In 1790 that part west of the Alleghanies was ceded to the General Government.

In American archaeology the remains of the Aztec civilization have always occupied the most prominent place. Additional evidences of the past greatness of these Indians have recently come to light in the vicinity of Santa Fe. Governor Arny, the special Indian agent for that territory, has found the Canyon de Chelly, which was explored for twenty miles. In this hitherto *terra incognita* were discovered wonderful ruins of Aztec cities which must have contained thousands of inhabitants. Some of the ruins are reported to be stone buildings, seven and eight stories in height, and showing a knowledge of architecture, manufactures, and the use of edged tools on the part of their builder

UNITED STATES SENATORSHIP—THE WEST CLAIM IT.

MR. EDITOR:—As a number of your correspondents seem to think the West not entitled to the Senatorship, I beg to state a few of the grounds on which she rests her claims. I will say, however, that while the West believes herself entitled to the honor referred to, she will cheerfully acquiesce in any choice the General Assembly may make. She would scorn to press the claims of any one of her citizens farther than the best interests of the party and State justify. On the contrary, her chief desire is to subserve the interests of both, even at the sacrifice of her individual preferences if necessary. In other words, she wants the Senator not because she loves her own sons best but North Carolina and the party *more*.—To make myself understood: The West does not put her claim on the *equitable* ground that she gave the State to the Democratic Conservative party in the August election, and that the East now has one Senator, Mr. Pool, but she rests her claims on the *broad* ground that the *future success of the party and the interests of the State* would be the more certainly secured by the election of a man from the West.—If this proposition be correct, I take it, that no true Democrat or Conservative would hesitate to lay aside his individual preferences and vote for a Western man. Let us, therefore, see whether the proposition is correct. I assume that "the interests of the State" can only be secured by party success. I think no one will differ with me on this point. But how would the election of a Western man, in preference to a man from the Eastern or Central counties, aid the party? All will agree that success must come from that section alone, that contains the *elements* of success, and that the elements of success are where the *white* population predominates. Now, as the great majority of the voters in the West are whites—a thing that can be said of but few other sections of the State—it follows that the future success of the party must depend mainly on the West. In this conclusion we are certainly borne out by the results of the former elections in the State. In the East, for example, the great body of the voting population is made up of negroes, who have voted in solid mass against us. Held together as they have been and are now, in oath-bound organizations, it will probably be difficult to control many votes among them hereafter. The whites there, be it to their credit said, are already a unit for us. So I repeat, we can not hope to gain much in the East by any "stroke of policy" in the selection of a Senator. In the West, on the contrary, lies our strength. For instance, Harper's, Shober's and Leach's districts gave us a larger majority in the late election than we obtained in the whole State. The reason is clear, the elements of success were here and were properly handled. These facts being true, will it not occur to members of the General Assembly, that it is possible to double our majorities here, and thus give to the Democratic Conservative party, the permanent control of the State? I think it not only possible but highly probable, that the white men of the West, and negroes too, may be united in one great Democratic Conservative party. To show how this may be done brings me to the main point. Reward the West for what she has already done; elect a man to the U. S. Senate who will never cease until he gets Congressional aid in the completion of the Western North Carolina Railroad and its branches, and my word for it, the people of the West will stand up a solid phalanx against Radicalism for all time to come! So vitally important to our people is the completion of the Road mentioned, that they give up party and everything else, nearly, for it. It may be said, however, that an Eastern man would probably do as much for the Road as a Western man; but I do not think so—our people do not think so. No man who has not lived among us can know how our people feel about the Road, nor can he appreciate the transcendent importance of it unless he resided here and realized the complete isolation of our section from the business theatres of the country. In short, no one can so thoroughly enlist all his energies in our behalf as a Western man.

But Mr. Editor, as sensitive as our people are on this important subject, they are possessed of a patriotism that can tower above all local considerations. If the General Assembly, in its wisdom, shall deem it best to elect a Senator from another section of the State, Western Carolina will, nevertheless, try to stand up under her great burdens and fight on for the right!

THE WEST.

HARVARD'S TRIBUTE TO HER HEROES.

BOSTON, Oct. 6.—The corner stone of the Memorial Hall at Harvard College, to be erected in memory of the students and graduates who participated in the war, was laid to day with appropriate ceremonies. Judge Hoar delivered the oration, and an original poem by Oliver Wendell Holmes was read. The building fund amounts to $262,000." —(*N. Y. Sun, Oct. 7th, 1870.*)

All very well for the "heroes" of Harvard. What of the heroes of the University of North Carolina? Gov. Swain, as we all know had some weaknesses, but he had an idea or two now and then withal. In about ten years time we may expect to see North Carolina begin to do him justice, and acknowledge that he was at times ahead of his generation. At the time of his death, Gov. Swain's heart was set on procuring a catalogue of the alumni and undergraduates of Chapel Hill who had served in the Confederate army. With the co-operation of Kemp P. Battle, Esq. (an alumnus never backward to do his Alma Mater honor) he had prepared and printed several hundred circulars, which were to be issued to all of the Alumni whose addresses could be ascertained with any certainty. These circulars requested information from each one, of himself and others known to him to have belonged to the Confederate service.

The project was dropped at the Governor's death, but it was a matter which he felt to be important and he declared that he was ready to spend $500 to carry it through.

It is too much to expect that North Carolina will ever build a "Memorial Hall." Our "heroes" lie in every battlefield of the four years war. It is said there was not a regiment in the service that had not one or more old students from Chapel Hill in it. But we never shall get a "Memorial Hall" in this latitude. No, No. We are too poor and always mean to be. Two hundred and fif-ty thousand dollars "to build one Hall!" It takes our breath away to consider it. Why it would take all the profits of all the tar, pitch and turpentine, cotton and tobacco made in North Carolina since "freedom came."

But we might get up that list. Mr. Kingsbury is rashly proposing to write a book about North Carolina, which it is much to be feared North Carolina will treat pretty much as she is in the habit of treating all other books published about herself; namely, decline to read, or buy it, or otherwise notice it. However he can try it, and if while he is at the work he will add to it the names (and fate) of all in the Confederate service who were once students of the University, it will add immensely to the value of his book in the eyes of *posterity*, some day or other such records will be inquired for.

The Wilmington *Journal* suggests a general jubilee at the reconstruction of the University. Well said. We'll all be there. Every class that has ever graduated there shall be represented as far as possible. The Alumnus Association should begin to move early and in about ten years time they will be ready, and let every member meanwhile secure as many names of his fellows who were in the Confederate army as he can collect. "Slow and sure" is our motto.—Let us begin now, and about 50 years hence we may have a Memorial Hall too. And an oration. And an original poem. Who knows?

HOPEFUL.

COUNTY CONVENTION.—The Conservative County Convention met on Saturday last at the Court House. Moses A. Bledsoe, Esq., presided. Twelve townships were represented. The Convention nominated Dr. J. R. Dunn, as a candidate for the House of Representatives to fill the vacancy occasioned by the death of the late H. A. Hodge, Esq. Dr. D. accepted the nomination.

NOTICE TO COBBLERS.—We are authorized to offer a special premium of $3, for the best patch on a boot or shoe, exhibited at the State Fair.

TUCKER HALL.—Remember that Edwin Forrest and his Company open in Tucker Hall to-night.

NEW POST OFFICE.—A new Post Office has been established at "Miller's Mill," Davidson county, Samuel G. Spach, Postmaster.

The flag of the Danish vice Consulate and those of all the British and American vessels, says the Wilmington *Star* of the 14th, were at half mast yesterday, as a token of respect to Gen. R. E. Lee.

STATE FAIR.—Up to 2 o'clock, Saturday, there were about two hundred entries for exhibition at our State Fair, embracing articles in almost every class; agricultural implements, fine horses, heavy draft horses domestic productions, cattle, hogs, sheep, poultry, articles of vertu, &c. From present indications, we shall have a most successful exhibition and Fair, both as regards the collection of specimens and attendance of spectators, and we can assure all who may come that nothing will be omitted to make their sojourn at the City of Oaks, pleasant and profitable.

Twist and Flyaway are already at the Fair ground. Pachen, Paschaw and two other celebrated trotters are on the way.—The trotting will be better than was ever witnessed at a North Carolina Fair.

SUPERIOR COURT.—The Fall term of Wake Superior Court closed on Saturday morning, leaving a large number of cases on the criminal docket not disposed of.—During the term the following were sentenced to the Penitentiary, viz: for larceny, Squire Walton 1 year; Burney Hinton 3 years; Kincey Ann Edwards 3 years, Samuel Bolling 3 years, Joseph Drake 3 years, Sarah Nichols 4 years, Isaac Jeffries for burglary 5 years, Ransom Poacher for assault with deadly weapon 5 years, John Hawkins, bigamy, 3 years, George Dollar for assault with intent to commit rape 10 years. All these, we believe, are colored.

The following were sentenced to the work house, mostly to pay costs and nominal fines: Harry Pittman, riot; Ann Stallings, Granville Faribault, Wm. Parker, George Young, James Martin, Owen Lewis, Charles James, and Henderson Rollins, for Larceny; Wm. Browing, forcible trespass; James Murphy, Willis Thompson, Stephen Walker, and George Titus, for assault; Sarah Glover, assault and battery. We believe all these were colored, also.

Wm. Stinson, it will be remembered was sentenced, for rape, to be hung on Friday, Nov. 4th.

Robeson robbers are still at large. It is thought Mr. Davis will die. His wounds are more severe than was at first thought.—*Standard.*

The above is, if we mistake not, the *first* mention made by the *Standard* of the Robeson county outrages 'Cause why? 'Cause Gov. Holden's friends and brothers in the League are the robbers and murderers. It makes considerable difference whose ox is gored. *Wil Journal.*

The *Journal* will perceive in a later issue, the *Standard* rather takes up the cudgels for those supposed to belong to the land of robbers and desperadoes. We had no doubt it would justify and defend the robbers as soon as it ascertained they were Loyal Leaguers. The *Journal* charges directly that they are of that order and hence the course of the *Standard.*

THE HENDERSON FAIR.

We went down and helped to finish up the Fair at Henderson on Friday.

As we said before, the display of articles on exhibition, was not as extensive as could have been desired; we hope the farmers, and especially the ladies of that section, will take steps to increase the attractions in this respect for the next Fair.

Mr. and Mrs. S. D. Wilson of Granville County, were the largest exhibitors on the grounds. Among the orchard, farm and household products exhibited by them, we mention, 75 varieties of apples; pears; grapes; dried fruits; preserves, cordials, wines, jellies, catsups, crackers, bread, cakes, butter, one beautiful homespun suit, one hair wreath, embroidered bosom shirt, chemisette and other needle work; a quantity of sewing silk, spun and dyed at home; a beautiful white counterpane, two woolen counterpanes, five kinds toilet soaps, sample of fine tobacco in leaf, sweet and Irish potatoes; peas, beans, silver-skin onions, the finest we ever saw, bag of Sea-Island cotton, and several other articles, all of which were above ordinary, and some of them very superior. Mr. and Mrs. Wilson will be at the State Fair, and will attract attention by the extent and superiority of their contributions.

We enumerate a few other articles, as our space will not admit of a very extensive notice.

Mr. J. E. Clark, from his tannery near Henderson, had very excellent samples of sole and upper leather, calf and kip skins.

Plows from the foundry of Dunn and Riggan, Forestville, very highly spoken of by the farmers present.

The Ingersoll Hay press, and the Virginia Hay and Cotton press, both, no doubt, very good machines, but we found no one to explain their peculiar advantages.

Mr. E. Haithcock of Williamsboro' exhibited a very well constructed two-horse wagon.

Wrenn of Norfolk, had on hand some beautifully finished buggies, saddles and harness. They will be at our State Fair.

Messrs. Plummer, Young & Co., of Petersburg, Va., had a great variety of hardware and cutlery on exhibition, among other things a new patent rat-trap that will continue to catch until the trap is full or the rats give out; also a newly patented counter scales that not only weighs the article but tells what it comes to at a given price. They will be represented at our State Fair.

Mrs. John B. Barnes exhibited a good variety of domestic productions, and so did Mrs. S. S. Royster, of Granville county.

There was only one trial of speed on the track, on Friday; Paxson's Twist trotting and G. W. Wynne's Kate pacing, in harness, best three in five, in which Twist took the prize.

At 1 o'clock the Tournament came off and the riding occupied the time until we were compelled to meet the train to return home. Fourteen Knights entered the contest, and the riding was very good. The successful contestants were, 1st, Mr. Tucker Hamlin of Northampton, 14; Mr. Joshua Cooper of Granville, 13, and Messrs. George Field of Warren and Alvis Sneed of Granville, tied, 11 each. We left before the contest was decided between these two.—The next higher numbers were, Hugh Kittrell of Granville, 10; Thomas Davis and Alex. Spencer, both of Granville, 7 each.

We could not stay to the coronation ball at night, but from all indications we have no doubt it proved the grand feature of the Fair, where mirth, love and music, and the exercises of "the light fantastic," made the hours fly past on the rosiest of rosy pinions.

To the officers of the Society, and the kind attentions of many old and valued acquaintances of days lang syne, we were indebted for courtesies that made the occasion one of peculiar and enjoyment, for all of which we tender our warmest thanks.

The Republican delegates from Raleigh to the Wake County Republican Convention, are requested to meet at the office of Col. C. L. Harris this morning at 9 o'clock.

TO BE SOLD FOR TAXES.—The Sheriff of Ashe county is to sell twenty two tracts of land in that county, on the 29th inst., which have been levied upon to satisfy *State and County Taxes*; also the growing crop of another delinquent is to be sold for the same reason. These are the beneficent results of radical rule during the past two years beginning to be felt by our people. That party piled on the taxes until the impoverished farmers were unable to pay; now their lands are to be taken from them and will be grabbed up by speculators and capitalists for nothing like their value. Radicalism in the long run, invariably rots the poor man for the benefit of those who are unscrupulous among the rich; and with diabolical ingenuity it has worked upon the passions, prejudices and sympathies of the poor man, both white and colored, until it has enlisted him to assist blindly in his own destruction. But we might preach a thousand years and not open the eyes of the deluded as widely as will this plain fact that the lands are now beginning to fall under the hammer for taxes. That which the Conservatives have been telling the people for a long time is now coming to pass.—*Salem Press.*

TELEGRAPHIC.

Saturday Evening Dispatches.

ELEGRAGHIC SUMMARY.

London, no change in specie or bonds. In Liverpool, cotton is quoted 13 to 13½ for uplands, 13¾ to 13¾ for Orleans. Manchester advices favorable.

In New York there is no material change in the grain and flour market; cotton is quoted at 15¾ for uplands and 17¼ for Orleans. Bonds 12½, gold 13½.

Paris news by way of London, state that Paris is well supplied with provisions. A decree has been issued postponing the payment of rents for three months. Odeon has been converted into a powder magazine, and the grand opera house is filled with arms. The fire from fort Mont Valerian makes sad havoc among the Prussians, continually breaking their circle.

A special dispatch from the Hague says that great agitation prevails upon the discovery that the King was about to declare war with Prussia.

The Prussians occupy the heights at Soissons, which they have fortified. The town is making a gallant defence. The Prussians are in force at Meaux; their reserve is moving northward from the vicinity of Brissac. There has been no battle and no serious skirmish.

All sorties of the French from Paris have been successfully repelled by the Prussians. A heavy siege train has just arrived before Paris from Germany.

A large unfinished iron vessel fell over at New Castle on Tyne, on Friday; a large number of persons were killed and wounded.

Bazaine's activity is undiminished; he makes frequent sorties, harrassing the besiegers.

Military movements among both the Prussians and Parisians indicate that a great movement is imminent.

New York, 15th, the *Herald's* special Paris dispatch says "fresh papers of correspondence of the Imperial family have been found at the Tuilleries, which prove conclusively the existence of an organized espionage on the whole country by the Government. Several well known ladies were engaged in the espionage."

For want of space we omit the balance of foreign intelligence, which is long but unimportant.

WASHINGTON.—There is now no doubt but the President has accepted the resignation of Cox, Secretary of the Interior, to take effect about the first of November.

Saturday Night Dispatches.

WASHINGTON.

WASHINGTON, Oct. 13.—Upon application from citizens of Charleston, Judge Bond has appointed Federal Managers of elections in that city; one from each political party for each voting precinct. These appointments are made under the act amending the naturalization laws. Mr. Fuller, the messenger selected, leaves to-night with the appointment.

Dispatches from nearly every city and village of the South report the progress of, or preparations for Lee obsequies. The universality of the sorrow, excludes the expression of it from the telegraphic column.

NEW YORK.

ROCHESTER, Oct. 15.—The Marshal to-day received the pardon papers for the Fenian prisoners who will be liberated this evening.

GEORGIA.

SAVANNAH, Oct. 15.—The day was universally observed. Every store closed and flags at half mast. Many buildings were draped. The meeting was so immense that it was compelled to adjourn to Monument Square. Generals J. E. Johnson and Henry R. Jackson and others addressed the meeting. A committee of 13 were appointed to draft resolutions for a subsequent meeting.

The corner stone of the monument to the Confederate dead, was laid to-day by Grand Master, Sam'l Lawrence of the Masonic order.—Among the articles deposited was a beautiful Confederate flag. The address delivered by Col. Thos. C. Howard was eloquent and impressive. The monument is being built under the auspices of the Ladies Memorial Association.

ATLANTA, Oct. 15.—The funeral obsequies of Gen. Lee to-day was the most imposing pageant ever seen in this city. Fully ten thousand persons assembled in the City Hall. The procession contained five thousand people. The address of Gen Gordon was eloquent and impressive.

ALABAMA.

MONTGOMERY, Oct. 15.—Business was suspended. Orations upon the life and character of Lee were delivered at the Presbyterian Church. The Church was densely crowded.

MOBILE, Oct. 15.—Places of business and public offices were closed and draped.

Yellow fever deaths from the 13th up to date amount to 87.

PENNSYLVANIA.

WILLIAMSPORT Oct. 15.—Sherwood Democrat, defeats Armstrong, Republican, in the 18th district, for Congress.

LOUISIANA.

NEW ORLEANS, Oct. 15.—Deaths from yellow fever, for the past two days, amount to 13.

FOREIGN.

LONDON, Oct. 15.—The Prussians retired from Strasburg to Luon. A recent Paris letter says "no sickness and no lack of food or courage, on my honor."

The Prussian Minister at Brussels demands the punishment of the 'Independence Belge' for partisanship and untruthfulness.

Vessels arriving here to-day from Martinique, report having passed on the 12th of September an American steam Frigate aground.

The German Democrats continue to protest against Jacobi's detention. The Emperor convokes Austrian and Hungarian delegations on November 21st, at Pesth.

TUNIS, Oct. 15.—There fight near Orleans yesterday. Nothing official to-day.

A Paris letter, dated Tuesday, says that the Prussian's are moving Southerly. The Mobiles are following—the troops sent in other directions as a precautionary measure. Several deserters have been sentenced to death. Precautions have been taken against Gustave Fiorina. No balloon to-day.

Eleven wagons, containing fresh vegetables were captured from the Prussians near Chatenton.

It is said that peace negotiations are progressing. The people of Paris seem determined to oppose a peace based on the cession of territory. Steel guns to carry nine thousand metres are being manufactured. Much importance is attached to Prussian inactivity. Parisians desire an attack from the Prussians.

The following is official: A reconnoisance to Laferte drove off the Prussian camps at Sondilion.

The Franc-tireurs attacked the Wirtenburg cavalry in the forest of Fontainbleau, killing many and capturing a large amount of stores.

Garribaldi is near Besancon. New Brisach is bombarded constantly and answers vigorously.

MARKETS.

Awarding Committees have been selected with care from all sections of Virginia and North Carolina; a liberal premium list has been formed, distinguished orators have been invited, railroad facilities at greatly reduced rates, have been secured, and they will do whatever they can in their power to promote the profit and pleasure of exhibitors and visitors.

THE PAIN KILLER.

This celebrated medicine has won a deservedly high reputation as an alleviator of pain and a preserver of health. It has become a household remedy, from the fact that it gives immediate and permanent relief. It is a purely vegetable preparation, made from the best and purest materials, safe to keep and to use in every family. It is recommended by physicians and persons of all classes, and to-day, after a public trial of thirty years—the average life of man—it stands unrivalled and unexcelled, spreading its usefulness over the whole world. Its large and increasing sale affords positive evidence of its enduring fame. We do not deem it necessary to say much in its favor as one small bottle will do more to convince you of its efficacy than all the advertisements in the world. Give it one fair trial and you would not be without it for ten times its cost.

Directions accompany each bottle.
Sold by all Druggists.
Price 25 cts., 50 cts., and $1 per bottle.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000 000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6 000,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4 000 000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $4,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured. Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $51,291,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000 000 greater than any other company.

MR. CHAS. PRATT,

Sir:—The 100 cases of Astral Oil purchased from you a few days since were in our warehouse when the fire occurred, and strange to say although the house was burned to the ground—came out of the fire almost unharmed, the wood cases were of course burned off and several of the top cans unsoldered on top. But there was no explosion and the Oil in the open cans did not burn.
This morning before anything was disturbed we had a Photograph taken of the ruins showing the Oil as it remained after the fire was put out.

P. F. PESOUD, JR.,

RALEIGH, N. C.
SUCCEEDS HIS FATHER IN THE AGENCY OF THE
NATIONAL LIFE INSURANCE CO., U. S. A.
For the Central and Northern Counties in
NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10.000 POLICIES,

and nearly doubled its immense Capital of $1,000 000 in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.
I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED

"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so, that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Bed Plate, Follower Block, and two 1¼ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 500 TO 550 lbs.
One man can do the work, only requiring longer time.
It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.
It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.
I believe it unequalled by any Press for power, convenience and durability.
Press complete—Depth Cotton Box 8 feet: Size Bale 44 feet x26x28x36in; wt. Bale 400 to 550 lbs.

Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612.) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the gum upon which the Utley Press works cheaper, simpler and more durable than any I have met with.
Yours very respectfully,

BENEFIT LIFE INSURANCE COMPANY
OF NEW YORK.

Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in the State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." Death losses have not occurred, out of several hundred policy-holders in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "Premium *Dividends* are not declared, but Dividends are given from the actual surplus in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurance, of the

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA, WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks*, upon which elements of stability and the security of a Life Insurance Corporation depends.
The laws of New York compel Companies in that State to calculate the Cash values of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*
Insurers in looking around for Companies in which to insure, should carefully seek for this important safeguard. It will be found in the Brooklyn Life.
